Mayank Karecha

President & CEO

AIR FREIGHT

We provide a turnkey service for your international air transport needs. We work directly with the world's leading commercial freight carrying airlines to ensure that your long-distance freight is delivered on-time on a consistent basis. We provide a comprehensive Customs service that ensures that your air freight is accompanied by all necessary documentation for the countries of origin and destination.

We are having vast chain of airliners to carry your valuable shipment on effective cost.

SEA FREIGHT

Sea freight services are the best way to handle large-scale international logistics needs. We have operations at several Customs sea ports and work with an established network of sea freight transport providers to ensure that your freight is transported via the most time and cost-effective means. We support full and partial container loads, and handle all customs documents for countries of origin and destination.

Our chain of warehouses are ISO certified, and include 24/7 on-site security and offsite monitoring. Due to the constantly shifting nature of international shipping costs, we are proud to offer the most cost-effective logistics services available from a quality logistics agencies, and invite you to explore our pricing for your specific logistics needs.

Whatever be your logistics needs, local or international, small or big, we have got you covered. The result: your operations run with fewer people, reduced inventory levels, in less time and at lower costs.
